

SOVIETS REJECT PEACE PROPOSALS

LONDON, July 20.—The reply of the Russian government to the British peace proposals, according to the London Times, which today publishes a summary of the Soviet answer. The document is a very lengthy one and the Times assures it will soon be published by the government.

The Bolsheviks decline to come to London for the suggested peace conference, according to the Times, because they say Great Britain is not impartial. They also object to the admission to the conference of delegates from the Baltic states, saying Russia already has made peace with them.

As to Poland, the Bolshevik government points out that the proposed armistice line is unfair to Poland, and that with direct negotiations the Bolsheviks are prepared to grant Poland a much more favorable frontier. The Bolshevik reply refuses flatly to entertain any conditions regarding the forces of General Wrangel and the refugees in South Russia and demands the unconditional surrender of these.

The tone of the reply is sarcastic, says the Times, which declares it is aimed at driving a wedge between Poland and the allies by stimulating Polish dissatisfaction with the British proposals. The Times adds that it believes the reply will make it more difficult for Great Britain to enter into trade relations with Russia.

JOHNSON WARNS HARDING ON "EVASION OF ISSUE"

BOSTON, July 20.—Senator Hiram Johnson, of California, in a letter to Bancroft Abbott, leader of the Johnson forces in the pre-convention campaign in this state, which was made public last night, said that if Senator Harding, in his speech of acceptance of the Republican nomination for the presidency, should "honestly, frankly and courageously take his position in favor of the Americanism that is ours," he could "cheerfully and energetically go forward with the Republican party."

If, in his speech of acceptance, "he should evade the issue," Senator Johnson added, "a most difficult situation will be presented to men like myself."

The Republican platform plank on the league of nations, Senator Johnson

said, "was not such as I would have written, but nevertheless, its language seemed to me capable of but one construction."

The big issue, which has engrossed me for so long and which has become a part of my life, seems to have been met by both platforms, the Republicans assuming the position I have taken from the first, and the Democrats the contrary position in favor of the league.
